Call Senator Migden and Assemblyman Huffman to

Dear John,

ICE Raids: Putting Marin's Youth in Danger

The recent ICE raids that are terrorizing diverse communities in Marin and all over the country have raised awareness of how these raids are endangering our children.

Just this week over 500 children nation wide were stranded at schools, left with babysitters or caretakers and at worse, left with nobody.

In addition to those children who are having to cope with the absence of their parents or guardians, there are thousands of children around the nation whose parents are opting not to send them to school for fear of not being there at the end of the day.

Enough is enough! ICE raids are terrorizing local communities, putting our children in harms way and preventing many children from receiving the education that our country guarantees them as a right.

The time to act is now! We must call for an end to these ICE raids as well as demanding that our government officials have a clear plan on how to address the issue of displaced children due to these actions.

Join us and members of the Canal community to discuss this urgent issue at upcoming community events and at a very important meeting this Moday, 6:00pm at Pickleweed Park in San Rafael 50 Canal Street. For more information call Steve Burdo at 415-
