

TRANSPORTATION

We will work with transportation planning agencies and advocacy groups to increase access to public transportation in underserved neighborhoods and explore other alternatives that improve the mobility of people throughout Marin.

Source: 10 Point Grassroots Agenda created in 1998

- 1) Have you seen an increase in equality of opportunity in this area in Marin County during the last 10 years? If yes, please specify.

Not really. Money is not being spent on infrastructure, education, healthcare, etc. Our government priorities are geared to war and not people.

- 2) Based on the 10-Point Grassroots Agenda statement above, should we change our strategy to further advance equality of opportunity in this area during the next 10 years in Marin?

No. We need to keep the pressure on local leaders to reorder priorities.

- 3) What is the role of leaders and legislators in ensuring that there is equality of opportunities in these areas?

Work to represent the people regardless of race, religion, etc. We need an apprenticeship program to train workers for jobs.

Participants: None listed.
